

IDENTIFICATION OF THE PROJECT	
Grant agreement number	
Principal investigator last name	
Principal investigator firstname	
Project title	
Laboratory / identification number	
Institution	
Name of the laboratory director	
Name of the head of the team	
Team members involved in the project	
Partners / collaborations involved in the project	
Group of rare diseases	
Name of the disease or related diseases (if applicable)	
Prevalence	
OMIM Number(s)	
ORPHA Code	
Call session (year)	
Funding amount	

**For ended project, please describe below:**

- The objectives of the project
  - The initial data and strategy employed
  - Significant results and validations obtained
- If you assumed a mode of inheritance, did you validate it and how?
- Problems encountered (if applicable)
  - Impacts of the project

**For ongoing project, please describe below:**

- The objectives of the project
- The initial data and strategy employed
- The progress of work and/or preliminary results
